

All the Information You Need, with a Single Click

Advanced analytics that integrate with your existing solutions

Smart and Intutive Business Intelligence Solution

SutiDAnalytics is a web based reporting and analytics solution that allows you to generate reports & dashboards to asses the overall performance of your organization and take faster & better decisions.

SutiDAnalytics eliminates paper documents and spreadsheets, reduces time & cost associated with each report generation, provides a unified interface to manage all your analysis, reporting and dashboard needs, reduces training and associated support overheads and seamless integrates with existing web applications.

“ *‘Excellent product - Excellent service’ SutiSoft has saved our company time & money with an easy to use platform. The service that we have received has been exceptional!* ”

- Jessica Seaholm, Operations Administrator,
SmartRG, Inc.
